

Rebuilding Tange

The Rebuilding of The Tange System took place in early [YE 43](#).

History

In [YE 42](#) the [Tange System](#) was invaded by the [Interstellar Kingdom Of Kuvexia](#). The system was placed under the occupation of the [Kuvexian Military](#) and [Rixxikor](#) were placed on the system's planets in an attempt to remove the local colonial population. At the end of the year the system was liberated by the [First Expeditionary Fleet](#) of the [Star Army of Yamatai](#).

The [Rixxikor](#) infestation was removed using [Nodal Delivery Munition, Type 42](#) delivered by the [dragon_group](#) and fear tactics to make them flee the system.

In the aftermath of the liberation, in the first month of [YE 43](#), the [Yugumo Corporation](#) committed to the rebuilding and management of the system's colonies. The [First Expeditionary Fleet](#) dispatched [Task Force 48](#) to the system to provide humanitarian support during the rebuilding efforts.
