

Third Mishhuvurthyar War

The Third Mishhuvurthyar War is the name of the third major conflict between the [Yamatai Star Empire](#) and its allies and the [Mishhuvurthyar](#) governments such as the [Sfrarabla Mishhuvurthyar Nougift](#) (SMN).

History

The monstrous beings known as the Mishhuvurthyar were originally genetically-engineered biological weapons created by [PNUgen Corporation](#). During their development they were corrupted by malevolent extra-dimensional beings called the Umbral. Escaping their labs, the Mishhuvurthyar took their warfighting skills to the stars and secretly built a military called the [Sfrarabla Mishhuvurthyar Xhrafuklurp](#) (SMX). In [YE 26](#), they turned on their creators in a surprise attack that started the [First Mishhuvurthyar War](#). The resulting war claimed billions of lives until it ended in a peace conference in [YE 30](#).

Unsatisfied with peace, the Mishhuvurthyar formed a new government called the [Sfrarabla Mishhuvurthyar Nougift](#), and a new, more conventional military force called the [NMX](#), and in [YE 31](#), the [Second Mishhuvurthyar War](#) began with another [surprise attack](#) on [Nataria](#). Thanks to the efforts of the [YSS Mihar](#)u in finding fleets thought lost in the [Second Draconian War](#), and to the fleets of the Star Army of Yamatai, the Mishhuvurthyar's [final push on Yamatai](#) was thwarted and the tables were turned with the [YSS Eucharis](#) leading the final battle on the NMX headquarters in the [Rabaal](#) system in [YE 34](#).

The Mishhuvurthyar threat was thought to be all but eliminated...but near the end of the [Kuvexian War](#) in [YE 43](#) and the rediscovery of the reformed [Uesureyan Star Empire](#), which unexpectedly assisted as an

ally in the [Battle Of Glimmergold](#), Yamatai discovered that the Mishhuvurthyar were still a major force to be reckoned with, and that they had spread farther into the larger [Kagami Galaxy](#) than previously thought. In the first month of [YE 45](#), the [YSS Kaiyō II](#) with [Task Force 282](#) assisted Yamatai's Uesureyan allies in retaking a colonized planet called Kessica Prime from Mishhuvurthyar invaders, marking the first meaningful conflict between the Yamatai Star Empire and SMN since the end of the Second Mishhuvurthyar War. This was underscored by a major battle later in [YE 45](#) where the [Second Fleet](#) fought a massive Mishhuvurthyar force to allow the [YSS Resurgence](#) to rescue the [YSS Wakaba](#) from beyond a wormhole. In the aftermath, the Star Army vowed to hunt the Mishhuvurthyar and challenge them for control of the galaxy.

Events

By [YE 45.5](#) the gears of the Yamataian Government were turning towards a declaration of war. The [Empress of Yamatai](#), [Empress Himiko I](#), and the Star Army's commander, [Taisho Ketsurui Yui](#), began preparations to send out forces across the galaxy to strike hostiles, collect resources, and recruit new allies. In [YE 45.6](#) the Star Army called its senior military leadership together to discuss how to handle their new mission and its unprecedented scope.^{[1](#)[2](#)}

On [YE 45.7.01](#), Taisho Ketsurui Yui and the Empress jointly issued a declaration of war again the Mishhuvurthyar.^{[3](#)} On the same day, [Chusa Ketsurui Aiko](#) represented the Yamatai Star Empire during a meeting with Nepleslian [Grand Admiral Violetta De Luca](#) at the [Democratic Imperium's embassy on Yamatai](#)^{[4](#)} and secured basic assurances of alliance against the new Mishhuvurthyar threat.^{[5](#)}

In [YE 45.8](#), the Star Army introduced the [Third Mishhuvurthyar War Service Ribbon](#).

The New Sectors

Using networks of wormholes, the Mishhuvurthyar had spread to a vast array of new locations in the galaxy, forcing the Star Army to divide its forces to search them out.

Shortly after the declaration of war, autopsies from [Mishhuvurthyar](#) discovered in the [Kosuke Sector](#) reveal the terrifying new [Mishhuvurthyar Hemosynthetic Virus Weapon](#). Dr. [Shinichiro Tomoko](#) contacted [Taisho Ketsurui Yui](#) and informed her that [Ketsurui Zaibatsu](#) had begun working on a cure.^{[6](#)}
