In-Character Timeline

The following chart lists the in-character years for the Star Army roleplay, as well as the real-life periods of time that matched. More recently, we have synchronized real years to years in the roleplay, but it is fuzzier for years before 2007. Plot GMs and faction managers should continue to regularly update the current year as more events take place in the roleplay, and fill in any missing items on previous years when possible.

YE stands for “Year of the Empire” in reference to the [Yamataian Calendar](#) that is standard in this area of the galaxy.
