WIP: This article is a work in progress.

Home world of the [Abwehran Star Empire](#), Abwehr is a large planet that orbits the gas giant of [Jaspis IV](#). A vibrant and deadly world, Abwehr is one of the few populated heavy-gravity worlds in the known galaxy.

Geography of Abwehr

Comprised of seven continents of various sizes, the planet of **Abwehr** is divided up into 24 Regions each administrated by a Herzog¹⁾ and their representatives. Regions are further divided into Provinces, which are each administrated by a Baron, with Provinces divided into Counties, each administrated by a Graf²⁾.

Kapital

The central Continent of Abwehr, the Kapital continent is home to the Capital Region and City of the planet. Due to its importance to the Abwehran people, the Kapital continent got away with relatively *light* kinetic bombardment.

Regions of Kapital

- [Großartige Festung \(Region\)](#)
- Alpenrose

Drachenheim

The North-Western Continent of Abwehr, Drachenheim was founded in the mid-Great Conflict Era and has been well known for its high population of reptilian predators. Drachenheim suffered little to no kinetic bombardment due to the efforts of the [Weltraumflotte](#) during the Pirate Wars.

Regions of Drachenheim

- Stahlreich
- Mysteriösbereich
- Dracheninseln

Schildländer

One of two of the largest Continents on Abwehr, Schildländer largely consists of undeveloped and unused land. Because of this, the continent is often seen as an investor's paradise. It takes up the majority of the western hemisphere.

Regions of Schildländer

- Nordenland
- Insel der Rosen
- Klingeland
- Holstland
- Küste der Teufel
- Smaragdinseln
- Unfruchtbarinseln

Wiegeheim

The second continent considered one of the Largest on Abwehr, Wiegeheim is the “cradle” of Abwehrran civilization. Because of this, it is one of the more populated continents compared to the rest of the planet. It was also the target of a vast majority of kinetic bombardment during the Pirate Wars. It takes up the majority of the Eastern Hemisphere.

Regions of Wiegeheim

- Felderland

- Hölleländer
- Wüstereichtum
- Reich der Sonne
- Todfelder
- Bewaldet Festung
- Rosenheim
- Verstreutjuwelen

Continent-sized or Multi-Continental Regions

On the planet of Abwehr, there are four continent-sized regions that, while lightly populated, hold major cities that are considered priceless due to events in the Pirate Wars.

List of Regions

- Krone der Welt
- Königinland
- Junkerheim
- Thron der Welt
