

# Operation Jinsokuna Enjo (迅速な支援 Rapid Assistance)

Join the the first operational [Rikugun Regiment Task Group 46th Legion Command Group](#) as they're scrambled to bolster the security of a [Scientific Studies Service \(SSS\)](#) and [Yamatai Department of Diplomacy](#) joint mission to [world name] in the remnants of the shattered [Interstellar Kingdom Of Kuvexia](#).

In the wake of the [Battle Of Glimmergold](#) as the military began to fragment, Kuvexian reform factions allied with the oppressed natives of [world name] to overthrow the local Barron and replace his rule with an idealistic republic. However, [faction name]'s dreams of becoming a respected member of the galactic community are at risk from all manner of threat foreign and domestic, even more so in the lead up to the first open election since the Kuvexians came to the planet. Tensions run high in the humid [world name] streets and there have already been several attacks on local officials. Neither the local government nor the Yamatai Diplomacy Department want to call off the elections though.

## About

While the entirety of Regiment Task Group 1, A Brigade of the 46th Legion Command Group will be deployed to [world name] in various forms, the plot will focus around the exploits of [Mizu Century](#) from 1st Infantry Battalion. The plot will blend slice of life elements from an extended deployment with the occasional bit of direct action. Most of the plot relevant [RP](#) will be done through [SP](#) but I do intend to do the occasional [JP](#) for certain plot points or missions that can be handled in one sitting. Players are encouraged to make their own threads about what their characters get up to when they aren't on mission.

## Play Details

### Pacing

- Not too rushed, but I would like to get a GM post in every other week.

### Rating

- L3 (profanity is permitted but not forced just do what feels right)
- S2 (non-explicit sexual content)
- V3 (can be super graphic if necessary but I don't plan to make a gory edge fest)

## General notes

- Don't be afraid to contact me if your character is scouting or investigating about what your character discovers if you want to RP out discovering the thing.

They may choose to return the body at the end of the tour. Some soldiers may qualify for cybernetic upgrades using the [Advancer TIN System](#) instead. Most of the military characters will be apart of Mizu Century's 1st Platoon or Mizu 1

- Soldiers in the HQ platoon or Various other personnel exist to allow a wider variety of players to become engaged in the plot but usually aren't as priority spots to fill.
