Ship's History and Background

YSS Imperator is a veteran battleship with a veteran crew. Her service began at the tail end of the [Second Mishhuvurthyar War](#) and has since remained in service as one of the earlier built Sharies in the Star Army. Though she is old, she received a major refit in YE 35 following the Five-Year Review and returned to service by the end of the year.

While her time after the war has been relatively calm, in YE 39, she received transfer orders to the First Expeditionary Fleet to serve in what could only be a strike at the Empire's newest foe, the [Kuvexians](#).

YSS Imperator has docked up in [Hanako's Star](#) at the [Gemini Star Fortress](#) to take on supplies and crew while awaiting final assignment and combat orders.
